The Activities Team at Broomgrove Nursing Home has asked if there is anyone - or a group - who might be willing to go to the home on a one-off basis, to give a travel talk, a picture presentation,

some music or reading/drama, in fact, anything which would occupy residents for a session of one hour approx. *MarksThree* has visited recently and performed to a receptive audience. If this is something you might be able to do, have a word with Rosalind Rogerson, or contact the Activities Team directly at activities@broomgrove-trust.co.uk.

UPDATE FROM LIZZIE'S FRIEND FROM AFGHANISTAN

I would like to thank those who helped me with my recent indefinite leave to remain application, which was successful. I now have full UK status. This has made my case stronger to bring my siblings to the UK. My solicitor believes I have a good chance of winning my siblings' case in court, however I cannot do this without your kind support because I won't be able to pay for the barrister she has chosen to represent me. My siblings' case hearing has been listed to take place on Wednesday, 21 Aug 2024. This means I urgently need support with the outstanding fees to pay for the barrister's services. A kind friend who wishes to remain anonymous has offered to match any donations up to 1000 pounds made by the end of June. May God bless you all. Thank you all for making this possible. GOD AFTER DECONSTRUCTION - 13 AUGUST 7.30 PM

In conjunction with the Progressive Christianity Network, St Mark's Sheffield presents an evening with American theologian Thomas Jay Oord dealing with the challenging topic of faith deconstruction. The session will offer a hopeful and hope-filled vision of Christianity that doesn't rely on the traditional toxic traits of a violent and domineering deity. He advocates an 'open and relational' approach to Christianity which says that the God who is love experiences what we experience, feels our pain and sadness, and is not able to control our actions. Expect answers for your questions, and questions for your answers as together we explore Christianity beyond deconstruction.

Dr Oord is a philosophical theologian and minister in the Church of the Nazarene. He advocates for full acceptance of queer people and has recently been charged with teaching doctrines contrary to the Church of the Nazarene and conduct unbecoming of a minister for his efforts to move the denomination to be fully affirming. He is the author of a variety of popular books including 'The Uncontrolling Love of God' and 'God After Deconstruction'. He directs a doctoral program at Northwind Theological Seminary and the [Center for Open and Relational Theology](#). He will be giving seminars in Sheffield, Hull and York in mid-August and then speaking at Greenbelt Festival.

TRAUMA INFORMED MINISTRY DAY, 19 OCTOBER, 9.30-14.00

An interactive workshop by Rev Hilary Ison at St Mark's Church Broomhill S10 2SE.

Come and equip yourself to deal with the stresses and strains of daily life better.

An interactive workshop exploring how understanding ourselves and our body's reaction to trauma better can enable us to build resilience for the future. Hilary will help us learn how to check in on ourselves and respond in a more considered and creative way, enabling us to look after ourselves and accompany others better in pastoral ministry through difficult times. We will look at how we can respond in a helpful, healthy way, both individually and collectively as congregations and communities, and the biblical and faith resources available to help. We will finish with an optional healing service. Refreshments will be provided but please bring your own lunch. Hilary is a great speaker who is experienced in all kinds of church leadership and teaching and a trustee for St Lukes for Clergy Wellbeing. For more information and to book [Click Here](#)

JUNE ECO TIP

This year, we will be supporting the Eco Tip calendar provided by [Rocha](#), who gave us our Gold Eco Church Award last year, follow along for a new tip every month:

Join #30DaysWild. One of A Rocha UK's firm beliefs is that we are more likely to nurture and defend God's creation if we spend time enjoying it. The Wildlife Trusts' 30 Days Wild challenge is a great opportunity to engage with nature as an individual, household, or with your church community throughout June. Find some wild ideas [here](#)

ELECTION MATTERS - As an Eco Church, we take seriously our responsibilities to engage with local, national and international issues. The General Election 2024 is a great opportunity for us all to influence how our country is run. It's a chance to talk to people in our community about our values and the issues we care about. We can encourage our country's leaders to put those

values into practice when they're making decisions that affect us all. With the urgent, interlinked crises of cost-of-living, climate and conflict, now is a crucial time to be part of the national debate. Find out more at <http://www.gov.uk/how-to-vote>

Lots of resources for Christian voters are available on the Churches Together website: <https://churcheselection.org.uk/442>

In particular, the Environment Group encourages you to promote the proposed Climate and Nature Bill to our future MPs. This is a plan for a new UK law that addresses the full extent of the climate and nature crisis in line with the most up-to-date science. The Bill is the only proposed legislation before the UK Parliament that ensures a comprehensive and joined-up approach to the emergency. <https://www.zerohour.uk/climate-and-nature-bill/>

CALLING FOR THE PROTECTION OF CLIMATE AND NATURE

Will you and your church answer the call to care for creation?

Your will be done on earth as it is in heaven.
MATTHEW 6:10

Support the campaign for the Climate and Nature Bill

The CAN Bill will address the full extent of the climate and nature crisis in line with the most up-to-date science. In May 2024 it had cross party backing of over 150 MPs. Help get it into the next Parliament!

ASK YOUR CANDIDATES TO BACK THE CAN BILL

Ahead of the General Election we want every prospective parliamentary candidate to support the Climate and Nature Bill. It will make us:

- ✓ Better off - by ensuring our homes are properly insulated, and our energy is cleaner, less expensive and more secure
- ✓ Healthier - by reducing air pollution, and by encouraging healthier, more sustainable food consumption, while supporting our farmers
- ✓ Happier - by protecting our green spaces and the wildlife that depends on them, ensuring everyone has access to nature
- ✓ More resilient - by reducing the threats from extreme weather, such as flooding, erosion, and crop failure

The LORD God took the man and put him in the Garden of Eden to work it and take care of it.
GEN 2:15

And finally....

A prayer for voters

Loving God, we face a choice.

Be with us as we consider the options, weigh the arguments and assess the claims and the candidates.

But also prompt us to listen: to the voices on the margins to the cry of the earth, and to those who reach a different conclusion to us.

God, we pray that you would stimulate our minds, stir our hearts and sanctify our choosing.

Help us also to remember your command to love our neighbours both during and after this election. *Amen.*
