Sheffield St Mark Broomhill

Annual Financial Report of the Parochial Church Council for the year ended 31 December 2019

Administrative information

St Mark's Church is situated in Broomhill, Sheffield, next to the Royal Hallamshire Hospital. It is part of the Diocese of Sheffield within the Church of England. The correspondence address is the Vicarage, 4 St Mark's Crescent, Sheffield S10 2SG.

St Mark's Parochial Church Council ("PCC") is a corporate body established by the Church of England. The PCC operates under the Parochial Church Council Powers Measure and is a Registered Charity (no. 1128758). Members of the PCC are either ex officio, elected by the Annual Parochial Church Meeting ("APCM") or co-opted. The last APCM was on 28 April 2019 ("APCM 198"). PCC members who have served at any time during 2019 until the date of this report are:

	<i>Vacant</i>	St Andrews URC		

Structure, governance and management

The method of appointment of PCC members is set out in the Church Representation Rules. All Church attendees are encouraged to register on the Electoral Roll and stand for election to the PCC.

Objectives and activities

The PCC has the responsibility of cooperating with the Incumbent in promoting in the ecclesiastical parish the whole mission of the Church, pastoral, evangelistic, social and ecumenical.

The PCC members are responsible for making decisions on all matters of general concern and importance to the parish including how the funds of the PCC are to be spent

The PCC also operates through a number of committees that meet between full meetings of the PCC. These are: *Standing* (with the power to transact the business of the PCC between its meetings, subject to any directions given by the PCC), *Finance and Fabric, Faith and Justice, International, Home Donations, Communications, Children, Young People and Students (CHYPS), Pastoral and Hospitality*.

Church Attendance

The electoral roll was updated from scratch this year - this is done every 6 years. As expected this resulted in a reduction in numbers. At 28 April 2019 there were 179 on the Church Electoral Roll. Details of changes in the Roll during 2018/19 will be notified at the APCM on 28 April 2020. The average Sunday attendance during 2019 was 175, but this number increased at festivals.

Review of the year

The report on the activity of the PCC during the year together with reports from the clergy, wardens, the above mentioned PCC committees and other groups within the Church are given in the Annual Report for the year, published separately to this Annual Financial Report.

Reserves Policy

Unrestricted cash & Reserves £ 390,371 (£365,971 2018)

Unrestricted cash and reserves at 31 December 2019 are shown above (with last years figure for comparison). These are funds in the HSBC current account and General and Fabric deposit account.

The PCC has a policy to maintain sufficient cash reserves to cover at least three month's unrestricted payments are maintained. It is the PCC's policy to invest deposit fund balances with the CCLA Church of England Deposit Fund and the Sheffield Credit Union.

Payments to PCC members, persons closely related them or other related parties

PCC members receiving payments from the PCC during the year included the Vicar, Associate Vicar and Assistant Priest (see notes 5(c), 5(d) and 3(a) for details of their allowances and expenses). They did not participate in discussions concerning payments made to them. No payments or expenses were paid to any other PCC member, persons closely connected to them or other related parties.

Financial Review (from the 2019 Financial Statements)**Financial summary****-£1,143**

In 2019 the General fund ran a modest deficit shown above. This was similar to 2018 and significantly better than feared part way through the year. These extra fundraising and generosity in the second half of the year clearly made a significant difference.

Income was significantly higher than budget. This was mainly due to higher sundry donation over £6,000 over budget. However it was also very positive to see that regular giving increased.

Expenditure was also slightly higher than budget. This was mainly caused by electricity costs being significantly higher than the budget, most other costs reduced which helped to contain the overall increase.

Significant financial events of the year

During 2019 there were a number of actions taken that impacted the finances. Some of these were really started by changes made late in 2018 with the full impact becoming clear 2019. These events include:

- 1 - The phone contract with BT was revised: this saves around £500 in a full year
- 2 - The copier/printer was getting old and was upgraded to a newer machine. This is leased with both a rental cost and a cost per page printed. Both of these rates were lower with the new machine. This again is expected to save about £500 over a full year.
- 3 - The excess on the Insurance policy was increased which decreases the premium. In any one year this could either increase or decrease insurance costs depending on what claims are made. The reduction in the rate was £449 pa. this will be the maximum saving. The excess was increased from £250 to £1,000 so for a large claim this could cost £750 for each major claim.
- 4 - We have cancelled a maintenance contract with British Gas for boilers and general plumbing. This saves over £900 in a full year. It was agreed that this is no longer required as the new boiler being purchased comes with a maintenance agreement and we have contacts with other tradespeople that we can call on when needed.
- 5 - In May we purchased a new boiler. This is significantly more efficient than the old one so should save on Gas.
- 6 - In May we also received a far larger than expected electricity bill, £9,000 (more than double last year) - this prompted a review of the budget to see if further savings could be made. A possible significant deficit was identified at this stage.
- 7 - The electricity bill also included some errors in the rates and VAT. This was queried with Green Journey / supplier and refunds were received to correct both rates and VAT
- 8 - As part of the financial review it was agreed to move our regular giving to the Parish Giving Scheme. This makes significant reductions to local admin and improves the cash flow as the tax refunds from HMRC are received each month rather than a few times a year. This is a major change for all regular givers and the transfer is still ongoing.
- 9 - There was also a review of our investments, both who manages them and how they are invested. This is a long term process as the current investments are complex and not simple to change. This review will continue for some time with an expectation that we can make things simpler and easier to understand.
- 10 - Our internet connection with Plus net upgraded to allow higher bandwidth that was required for the new heating controller. This allows the temperature in several parts of the church to be more accurately monitored and the impact of the heating better
- 11 - We had Giving cards printed with details of text giving and the bank account for direct giving. The number of text donations is quite small but there have been a few over the year.
- 12 - As part of the investment review I approached the diocese to discuss the rationalisation of our reserves. This was a step forwards with the Diocese needing to try to find details of our endowments.
- 13 - The Monopoly moment (Bank error in your favour collect £200). The bank made some mistakes with how statements are printed and gave us £200 as compensation. The problem was not resolved at the first attempt and further compensation is expected.
- 14 - To help to contain the deficit several events were organised to try to raise some further funds.
- 15 - A card reader was purchased to allow donations or purchases by card in addition to cash and cheque. This has not been widely used yet.

Trends

Both income and expenditure have increased by about the same amount. This has produced a small deficit similar to last year.

The increase in regular giving is very positive. The large amount of sundry donations is good for this year but might not be sustainable for future years.

The efforts to contain expenditure have been successful but rather overshadowed by the major increase in electricity, mainly used for heating

Using the income from the Home from Home house has had a significant positive impact.

There have been significant capital gains in 2019 whereas there was a small loss in 2018.

Budget differences

Overall both income and expenditure were close to budget. There were a few significant differences:

Donated income was higher in all areas especially sundry donations. Thank you.

Income from investments was significantly lower. These are being reviewed but this is a slow process as the current set of accounts is very complex and not easy to change.

Electricity costs were even higher than expected - this is nearly all heating. We have to negotiate contracts over several years so this is likely to continue for several years at least.

Printing and stationery costs are also high. This requires further investigation.

Transfers between funds.

It was agreed in the January PCC that the Mainland Bursary accounts are more accurately recorded as Designated accounts. This is because there is no legal trust which would be required if they were Endowment funds. The two accounts: Investment (£20,511) and Deposit (£6,818) have been transferred to the Designated portion of the accounts as at 31Dec19.

Legacies During 2019 we received four additional legacies. Two of these were further payments from existing legacies and two were new.

Margaret Lyons	£	6,157
Eileen Stamper	£	18,271
Graham Murray	£	5,000
Mavis Hewitt	£	10,000
TOTAL	£	39,428

All legacies and bequests received were unconditional as to their use and have been placed in the Designated Fund General Reserve whilst the PCC considers how they should be utilised.

Fixed Assets During 2019 funds were spent on a number of items that are classified as fixed assets and therefore depreciated over time. These were:

Carpet in lounge	£	2,065
ATAG 128C Combi Boiler	£	1,855
Cooker for kitchen	£	3,930
Heating controller for church	£	1,986
Lounge lighting	£	742
Lounge curtains	£	1,294
TOTAL	£	11,872

Endowment funds

These funds are invested with CCLA with the expectation of long term growth. However value of these funds changes over time and some years may show a decrease. The change in the last year is shown below. The figures below show a reduction due to the transfer of the Mainland Bursary accounts. Before this transfer there was a gain of £14,293

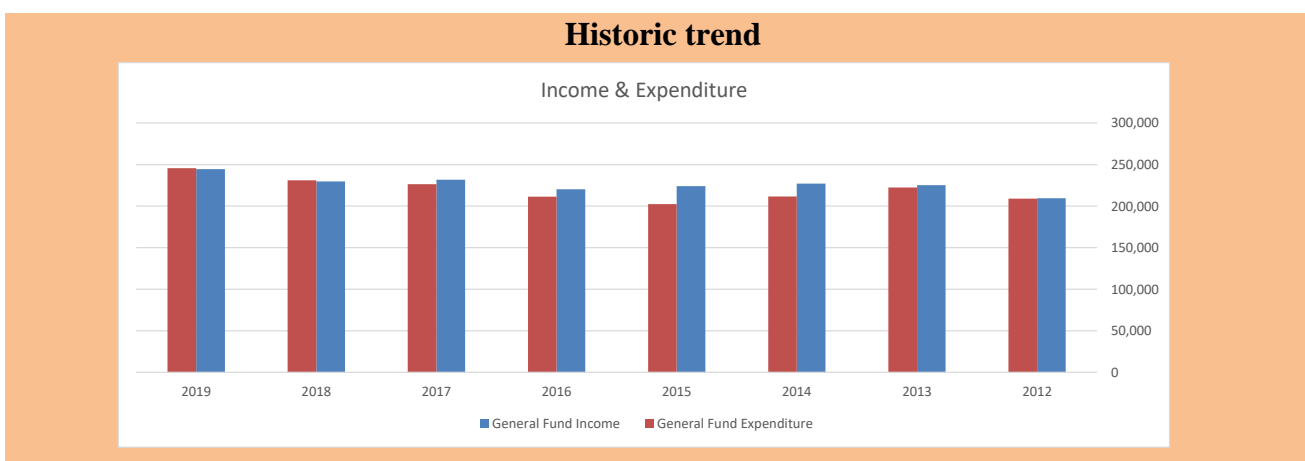

31-Dec-18	£	106,199
31-Dec-19	£	101,391
Difference	-£	4,808

Notes to the financial statements For the year ended 31 December 2019

1 Accounting Policies

The PCC is a public benefit entity within the meaning FRS102 (*Financial Reporting Standard*). The financial statements have been prepared under the Charities Act 2011 and in accordance with the Church Accounting Regulations 2006 governing the individual accounts of PCCs, and with the Regulations 'true and fair view' provisions. They are also prepared under the applicable accounting standards and the current statement of Recommended Practice, Accounting and Reporting by Charities (SORP (FRS102)).

The financial statements have been prepared under the historical cost convention except for investment assets, which are shown at market value.

Funds

General funds represent the funds of the PCC that are not subject to any restrictions regarding their use and are available for application on the general purposes of the PCC. These include funds designated for a particular purpose by the PCC.

The purposes of any restricted and endowment funds are noted in the accounts at note 8 on pages 14 and 15.

The accounts include transactions, assets and liabilities for which the PCC can be held responsible.

Income

This is included in the Statement of Financial Activities ("SOFA") when: (1) the PCC becomes legally entitled to the benefit of use of the resources; (2) an inflow of economic benefit is probable, and; (3) the monetary value can be measured with sufficient reliability.

Voluntary income and capital sources

- Collections are recognised when made.
- Amounts receivable under Gift Aid are recognised only when honoured by the giver.
- Income tax recoverable on Gift Aid donations is recognised only when claimable.
- Grants and bequests to the PCC are accounted for when the amount is payable.
- Income from fund raising events is accounted for gross.

The sale of books and magazines from the church bookstall are accounted for gross.

Income from church activities

- Income from the hire of the church premises is accounted for on an event by event basis after deduction of caretaking services.
- Parochial fees due to the PCC for weddings, funerals etc are accounted for on an event by event basis.

Income from investments

- Dividends and interest are accounted for when due.

Investment gains and losses

- Unrealised gains or losses are accounted for on the revaluation of investments at 31 December.

Expenditure and liabilities

These are recognised as soon as an outflow of economic benefit is probable.

Grants and donations

Grants and donations are accounted for when payable.

Church activities

The Common Fund and Associate Vicar contributions to the Diocese are accounted for when payable.

Pension costs and other post retirement benefits

The PCC operates a defined contribution pension scheme. Contributions payable to the pension scheme are charged to the SOFA in the period to which they relate.

Fixed assets

Consecrated land and buildings and moveable church furnishings

Consecrated and benefited property (the church buildings and grounds) is excluded from the accounts by the Charities Act 2011.

The building and organ improvements and moveable church furnishings held by the Vicar and Churchwardens on special trust for the PCC, and which require a faculty for disposal, are accounted as inalienable property unless consecrated. For inalienable property acquired prior to 2001 there is insufficient cost information available and therefore such assets are not valued in the accounts. Items acquired since 1 January 2001 have been capitalised and depreciated in the accounts over their currently anticipated useful economic life (either over 25 or 10 years) on a straight-line basis. All expenditure incurred in the year on consecrated buildings or benefited building (excluding building and organ improvements, asbestos stabilisation and redecoration), individual items under £500 (discretionary limit) or on the repair of moveable church furnishings is written-off.

Other fixtures, fittings and office equipment

Items used within the church premises are depreciated on a straight-line basis over four years. Individual items of equipment with a purchase value of £500 (discretionary limit) or less or repairs are written off in the period in the year.

Equipment rentals are paid and charged as they are incurred.

Investments

Investments are valued at market value at 31 December.

Net current assets

Amounts owing to the PCC at 31 December in respect of fees, rents and room hire or other income are shown as debtors if the individual debts are greater than £500 or otherwise on a discretionary basis if required.

Costs and expenses payable by the PCC at 31 December are accrued if the individual amounts are greater than £500 or otherwise on a discretionary basis if required.

Stocks of books and consumables are written off in the year acquired if their remaining cost or net realisable value is less than £500.

Deposit accounts include cash held on deposit with the Central Board of Finance of the Church of England, the Sheffield Credit Union or at the Bank.

Notes: Church repairs and maintenance expenditure in 2019 included the cost of decorating the Lounge. This was paid from Designated Legacy funds.

The larger items from General funds are listed above for information. This is not a complete list but is to provide an idea of the items included.

The Grounds work in 2018 includes significant work on the trees on St Mark's green.

Music expenses were offset by donations made to the choir when carol singing in 2019. This is the £74 in the Restricted column.

For the year ended 31 December 2019

8 Fund details

8.a Unrestricted Funds

The General Fund is used to pay all the everyday expenses of the church. This fund is “unrestricted” because the money has been given to the church on the general understanding that it will be used at the discretion of the PCC for furthering the mission and ministry of the church. Unless specified otherwise, all the money received by the church is first put into the General Fund.

The PCC may decide to put some of the General Fund money aside in deposit accounts for use in the future (for example, for building repairs). This money is “designated” for administration purposes only. Such funds are still unrestricted and can be moved to other funds if the PCC so decides. The PCC currently has “designated” deposit accounts for general and fabric purposes.

Mainland Bursary Fund for development of young people							
Property:	1,070 shares in The CBF Church of England Investment Fund						
Purchased:	31-Aug-89						
Original cost:	£6,000	Market value	31-Dec-19	£	20,511	2018 £	17,278

Notes: At the January 2020 PCC meeting it was agreed that in the absence of any documentary or anecdotal evidence to the contrary that the Mainland Bursary funds are more correctly recorded as Designated funds rather than Endowment funds. They have therefore been moved as at 31Dec2019 from Endowment to Designated.

8.b Restricted Funds

These are funds that are subject to some particular restriction on the way they may be spent or applied. The money received is restricted either by the donor or by the terms of an appeal for a particular purpose such as a special collection for overseas aid or for a major repair. The PCC has several deposit accounts that are “restricted” in their use for either fabric or other specified purposes.

8.c Endowment Funds

These are another form of restricted funds and represent money that has been given to the church with the specific instruction that only the interest or dividends earned by the investment can be spent. The original money (or “capital”) cannot normally be spent and must remain in the form of investments.

8.c.i Parochial Church Council Property

The PCC may hold property “for any ecclesiastical purpose affecting the parish or any part thereof” and for certain educational purposes (PCC (Powers) Measure 1956, Section 5). “Ecclesiastical purposes” will include any purpose furthering the work of the Church of England in the parish. The capital sums and income derived there from can only be used for these purposes.

Held in the name of the Vicar and Church Wardens, administered by the PCC

Miss Berry Bequest for general purposes							
Property:	654 shares in The CBF Church of England Investment Fund						
Purchased:	28-Feb-69						
Original cost:	£730	Market value	31-Dec-19	£	12,537	2018 £	10,561

Kelk Bequest for general purposes							
Property:	97 shares in The CBF Church of England Investment Fund						
Purchased:	31-Aug-82						
Original cost:	£200	Market value	31-Dec-19	£	1,859	2018 £	1,566

8.c.ii Trust Funds administered by the Parochial Church Council

These funds comprise a charity administered under a scheme made by the Charity commissioners, two bequests and a donation involving permanent trusts restricting the use of the capital that is held by the Diocesan Board of Finance.

The St Mark's Church Hall Charity						
Property:	19,458 shares in The CBF Church of England Fixed Interest Securities Fund					
(Original Purchase:	12,277 shares	31-Mar-93	Original cost:	£19,189)		
Dividends reinvested in year to purchase	825 shares	at a cost of	£1,357			
Market value		31-Dec-19	£	35,871	2018	£ 33,725

The above investment originates from the sale of the former church hall in Ashgate Road, Broomhill, in March 1971. The PCC are managing trustees, the Diocesan Board of Finance custodian trustees. The clear income from the charity is to be applied to further the "religious and other charitable work of the Church of England" in the ecclesiastical parish of St Mark, Broomhill. The charity property may also be used for land and building required for that work. By an order dated 14 January 2014, the Charity Commissioners authorised expenditure of £34,000 from the Charity's permanent endowment for the purpose of restoration and refurbishment of the Church organ under the condition that the sum be repaid over 30 years at a minimum of £1,133 per annum. In addition, the PCC authorised the expenditure of £16,000 from the Charity's accumulated income for the same purpose. Accordingly, in January 2014 the Diocesan Board of Finance realised 32,041 of the Charity's shares to the value of £50,000 and this sum was paid into the Organ Restoration Appeal Fund on 3 February 2014.

This is a description of the allocation of funds during 2019.

The funds used in 2019 are detailed in the expenditure section of the accounts above.

Statement of responsibilities of the members of the Parochial Church Council ("PCC")

The Church Accounting Regulations 2006 and the Charities Act 2011 require the members of the PCC to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the PCC and of the incoming resources and application of resources in the year then ended. In preparing those financial statements, the members of the PCC are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the PCC will continue in operation.

The members of the PCC are responsible for keeping accounting records which disclose with reasonable accuracy the financial position of the PCC and which enable them to ascertain the financial position of the PCC and which enable them to ensure that the financial statements comply with the Church Accounting Regulations 2006 and the Charities Act 2011. They are also responsible for safeguarding the assets of the PCC and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities

**INDEPENDENT EXAMINER'S REPORT TO THE MEMBERS OF THE PAROCHIAL CHURCH
COUNCIL OF THE ECCLESIASTICAL PARISH OF ST MARK'S CHURCH BROOMHILL
SHEFFIELD**

I report on the accounts of the Parochial Church Council for the year ended 31 December 2019 which are set out on pages 7 to 28.

Respective responsibilities of Parochial Church Council and examiner

The Members of the Parochial Church Council are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the Charity's accounts carried out under section 145 of the Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

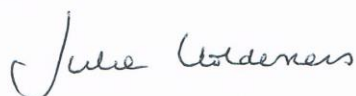

Independent examiner's statement

Since the Charity's gross income exceeded £250,000 your examiner must be a member of a body listed in section 145 of the Act. I confirm that I am qualified to undertake the examination because I am a member of the Association of Chartered Certified Accountants, which is one of the listed bodies.

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that any material respect:

1. accounting records were not kept in respect of the Charity as required by section 130 of the Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirements that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable proper understanding of the accounts to be reached.
